THE MAGIC OF FIRE

On the 28th of every month, we perform a traditional Japanese Fire Ritual known as “Goma.” The Goma is an esoteric Buddhist rite brought to Japan from ancient India. For millennia, it has been a vehicle for burning away obstacles on the spiritual path, honoring the divine, and manifesting wishes and desires.

This elegant and very rare monthly ceremony is a wonderful opportunity to recharge the spirit, strengthen spiritual connection, and gain clarity.

You may write wishes for yourself or others on wood for offering in the sacred fire. Through the weaving of mantra, fire, and special offerings, the wishes can be manifested.

The ceremony is performed in a traditional manner on the 28th of every month in Hamden, CT and lasts about an hour and a half.

All faiths are welcome to join us; all that is required is a sincere heart and a desire to connect with the spiritual.
